

BKG: A Worldwide Network of Excellence

From the very beginning BKG's sole focus has been excellence. Excellence to seamlessly deliver the quality products you demand for both your business and your success..

Created from a core component of high performance professionals, BKG is a dedicated team of strategically placed specialists who know how to get what our customers want.

The BKG team is driven to succeed by the exceptional people we work for, you, our customers. This is why we have expanded and established ourselves so quickly; with a global network that covers every region from our two main hubs based in Spain and Japan.

BKG is always looking forward; constantly striving to source the very best technological innovations to help secure the future of your business.

The unique relationship between those who source and deliver exceptional fitness equipment and toys -- and those who sell them -- has helped cement the assured quality of BKG. So, be it the very latest toy, or the newest in cutting-edge fitness machines, BKG will always deliver exactly what you need.

We only work with factories that have a proven track record of meeting the very highest expectations in quality and testing. All our products are certified by TÜV and each product is tested before being packed and shipped. This, along with our warranty and unparalleled after sales service is crucial to the success of our business and is why we will always deliver on what we promise: Excellence.
